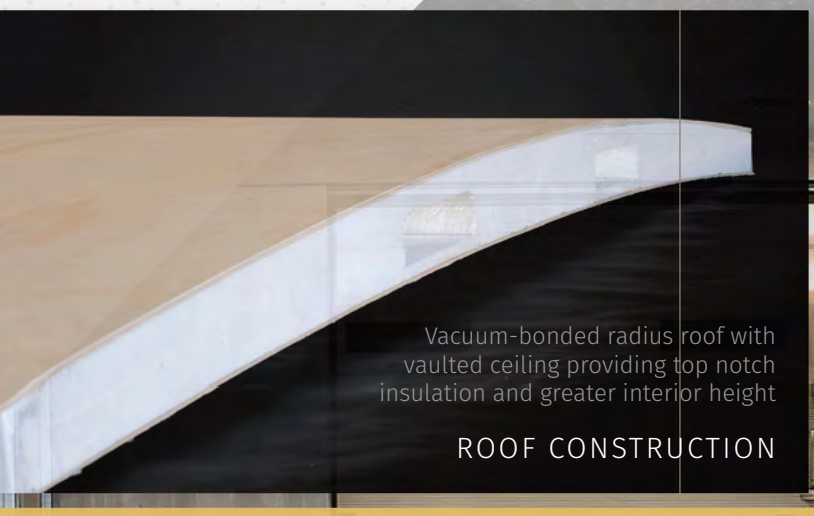
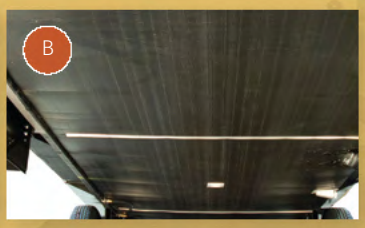
Palomino Premium Build Quality



Vacuum-bonded radius roof with vaulted ceiling providing top notch insulation and greater interior height

ROOF CONSTRUCTION

Built stronger to allow for periodic roof maintenance.



KEY FEATURES

A. Glued and screwed wood cabinetry
B. Heated underbelly to protect trailer components as well as increase aerodynamics
C. 5/8″ Drymax water resistant decking glued and screwed to aluminum framing with Azdel construction and high gloss gel coat fiberglass
D. Heated pass thru storage

WALL STRENGTH

Structurally engineered materials makes our vacuum-bonded walls some of the strongest in the industry.

VACUUM-BONDED LAMINATED CONSTRUCTION

Palomino provides six sided aluminum framing. As well as vacuum bonded walls and roof to ensure a well-insulated, light weight and structurally sound trailer.

We Build with Superior Standards.

The Ultra Lites are the result of superior design and modernization. In efforts to delight our customers, an aluminum superstructure frame was developed for light weight towing and barreled ceilings were integrated for a more spacious interior.
